

# RALLY TO STOP STATE BUDGET CUTS!

**People United Against Cuts** is a local coalition formed to oppose the Governor's recent "All Cuts" budget. The Governor's proposed budget will have a catastrophic impact on children, seniors, people with disabilities, low income families, college students and HIV/AIDS patients.

On June 23, 2009, we will hold a rally, march, and press conference in front of the Governor's San Diego office to voice our opposition to these draconian budget cuts!
